

Batteries

Energy Batteries

Energy Batteries have over 20 years experience, supplying batteries to Boat, Caravan and Motor Home manufacturers. They are also the leaders in aftermarket sales and distribution. It is incorrect to say that a certain type of battery is better - the key is to use the battery that best suits your needs.

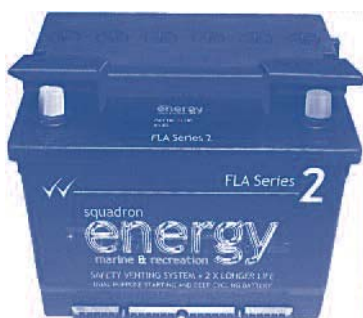

- Sealed for life (SFL) is a flooded lead acid battery that never needs topping up.
- Flooded Lead Acid (FLA)
- Absorbed Glass Mat (AGM) VRLA (Valve Regulated Lead Acid) is a totally sealed battery giving high starting performance and deep cycling capability.
- SGel (GEL) VRLA - is similar to AGM except that an immobilised electrolyte is used. GEL cells will not stratify, thicker plates are used (3.4mm) and are more tolerant to deep cycling.

Marine/rv series 2-SFL Batteries

Order Code	Description
SFL85	12v, 85AH, L-255mm x W-173mm x H-208mm
SFL100	12v, 100AH, L-255mm x W-173mm x H-208mm
SFL110	12v, 110AH, L-330mm x W-175mm x H-220mm
SFL120	12v, 120AH, L-345mm x W-175mm x H-226mm

Marine/rv series 2-FLA Batteries

Order Code	Description
FLA85	12v, 85AH, L-255mm x W-173mm x H-208mm
FLA110	12v, 110AH, L-345mm x W-175mm x H-226mm

Marine/rv Jetski series 3-AGM Batteries

Applications: Portable Tents, Camper Vans, Caravans, Motor Homes, Coaches, Jet Skis, Sailing Boats, Motor Boats, Narrow Boats & Buoys.

Order Code	Description
AGM20	12v, 20AH, L-181mm x W-76mm x H-167mm - Jetski

SGEL Ultra Deep Cycle Batteries

Applications: Commercial marine applications and continuous liveboard use.

Order Code	Description
SGEL75	12v, 75AH, L-260mm x W-169mm x H-237mm
SGEL100	12v, 100AH, L-330mm x W-173mm x H-240mm
SGEL140	12v, 140AH, L-341mm x W-173mm x H-307mm

Trojan Deep Cycle Batteries

Trojan Marine is the ultimate upgrade for Marine use. With Trojan you get what you pay for - premium quality & durability with long lasting continuous power.

Order Code	Description
SCS200	12v, L-324mm x W-171mm x H-248mm
